## ICOM-CC GRAPHIC DOCUMENTS WORKING GROUP – INTERIM MEETING

### CHOICES IN CONSERVATION PRACTICE VERSUS RESEARCH

WEDNESDAY 6 OCTOBER TO FRIDAY 8 OCTOBER 2010  
DENMARK, THE ROYAL LIBRARY,  
THE BLACK DIAMOND

The 2010 Interim Meeting of the ICOM-CC Graphic Documents Working Group is hosted by the Royal Library of Denmark. The Interim Meeting is dedicated to the broad theme of the application and dissemination of recent scientific research and practice in the conservation field of graphic documents. Contributions focus on particular projects as examples in research and conservation and in methodology of treatments, as well as on theoretical issues and experimental models. Art technological research, conservation techniques and tools are given a forum in the conference program. The meeting intends to show and discuss the present status of research and conservation within the wider context of library, archive and graphic document conservation.
